Neal,

We're all set for Feb. 1. Do let me know whether anyone beside you and Chloe will participate. If there are any specific issues you'd like to address, please let me know so I can make sure Allison and Brandi are prepared.

For the Grenada call, my availability Friday is extremely limited. Might you be available sometime Wed. before noon, Thur. before 3?

Thank you,

Davina,

That's great. See y'all at 10 on 2/1.

How would Friday between 2 pm and 4:30 work for the Grenada call?

Neal,

Thanks for your note. On second thought – 10 am would actually work best after all on Feb. 1<sup>st</sup>, if that still works for you.

I'm happy to arrange a briefing call on the Grenada site. Is there a day/time this week that would be good?

Hi Davina,

Two things:

- 1) Yes, that'd be good to talk to Jenkins and Wise. How about 3 pm on 2/1?
- 2) Could we set up a similar briefing phone call about the Grenada Manufacturing site proposed to be added to the Superfund list?

Thanks for your help!

Neal,

Thank you kindly for your note. Allison Wise, Director of EPA Region 4's Office of Government Relations, and Brandi Jenkins, Special Assistant to the Regional Administrator (whom I believe you met before), could meet with you and your staff that day. Might you be able to meet in the early afternoon? Please let me know whether you'd like to proceed in setting something up.

Cordially,

Davina Marraccini

Hi Davina,

So glad you reached out. And thank you for setting up the conversation on MS Phosphates. We learned a ton.

For Senator Wicker's scheduling, please contact [scheduling@wicker.senate.gov](mailto:scheduling@wicker.senate.gov) for future inquiries. Feel free to cc us, but we don't have editorial access to his calendar.

However, I do know for that date Senator Wicker will unfortunately be unable to meet. Our staff would much appreciate the opportunity to brief Mr. Glenn on Senator Wicker's key EPA issues. Would he be willing to come to our office at 10 on 2/1/18?

Neal and Chloe,

It was great speaking to you both last week about the cleanup plan for portions of the Mississippi Phosphates Corporation site. I wanted to touch base with you again because our Regional Administrator, Trey Glenn, will be in DC on Thursday, Feb. 1, for introductory/courtesy meetings with members from our regional congressional delegation. I would like to see if the Senator is free for a few minutes to meet with him.

The purpose of the meeting is primarily an opportunity for Trey to introduce himself to the Senator and discuss any environmental issues of interest or concern the Senator may have. We do not have an agenda, but if there are specific topics the Senator would like to address, please let me know in advance so Trey may be prepared to discuss.

Trey is available between 8 and 10:30 am. Thanks for your assistance.
